

Annotated Philatelic Bibliography of the Spanish-Philippines:

Part 3, Journals and Periodicals

Philippine Philatelic Club News

The **Philippine Philatelic Club (PPC) News** was the official organ of the Philippine Philatelic Club, first published in September 1945 and was the first philatelic magazine to be published following liberation. It was claimed that this was to be published every first Sunday of the month although only two issues were published.

The **Philippine Philatelic Club (PPC) News** superseded the **Philatelic Flashes**. The editor was Pablo Esperidion. The magazine was suspended due to the prohibitive cost of printing and materials.

1945
